Assistant or Associate Professor- Auburn University

Description

The Department of Chemistry and Biochemistry at Auburn University invites applications for two nine-month, tenure-track faculty positions at the rank of Assistant or Associate Professor in Biochemistry. Candidates in all areas of biochemistry are encouraged to apply. Bioinorganic, spectroscopy, natural product biosynthesis, -omics, and structural biology are areas that align well with departmental strengths and ambitions. Review of applications will begin October 31, 2021, and will continue until the positions are filled. Please submit a cover letter, curriculum vitae, statements of research plans and teaching philosophy, information for three professional references, and an inclusion statement describing how their past and/or planned contributions to teaching, research, and/or service will serve to advance the mission of the College of Sciences and Mathematics in creating an inclusive environment. Please see <https://www.auburn.edu/cosam/about/mission-vision-oied.htm> for more information. At the College of Sciences and Mathematics, we are committed to cultivating culturally competent professionals. Our department values diversity and is a welcoming and inclusive community of research and teaching faculty and over 82 graduate students. Additional information about the Department of Chemistry and Biochemistry is available at: <https://www.auburn.edu/chemistry>. As an R1, Doctoral University and one of the nation's premier land, sea, and space grant institutions, Auburn University is understanding of and sensitive to the family needs of faculty, including dual-career couples.
